

## CONTENTS

<b>01 CHAPTER. PUBLIC HEALTH ORGANIZATION AND MANAGEMENT AT THE INTERNATIONAL, NATIONAL AND REGIONAL LEVELS, ACTION PLANNING IN EMERGENCIES .....</b>	<b>1</b>
THE ROLE OF INTERNATIONAL ORGANIZATIONS IN THE INSTITUTIONAL SYSTEM OF HEALTH CARE DURING ITS REFORMATION (Vivsiannyk O. M.) .....	2
1. Theoretical prerequisites for the functioning of international organizations in the institutional system of state regulation of health care.....	3
2. International organizations in the conceptual model of the functioning of the institutional system of state regulation of health care.....	17
FORMATION OF INTERDISCIPLINARY CONNECTIONS IN PUBLIC HEALTH FOR THE REALIZATION OF SUSTAINABLE DEVELOPMENT GOALS (Zhara H. I.).....	31
1. Interrelation of public health operational functions and sustainable development goals .....	34
2. The impact of sustainable development goals implementation on the components of individual human health.....	36
3. Global partnerships and interdisciplinary connections in public health for the implementation of sustainable development goals.....	43
4. Modeling the interdisciplinary interaction of specialists to solve the operational functions of public health and the implementation of sustainable development goals in the conditions of the war in Ukraine and after its end .....	48
FUNDAMENTALS OF INTERNATIONAL AND NATIONAL POLICY AND STRATEGY IN THE FIELD OF PUBLIC HEALTH (Lekhan V. M., Onul N. M., Kriachkova L. V.) .....	61
1. Policy and strategies in the field of health care: basic definitions, principles and technologies of formation .....	62
2. Evolution of policy in the field of public health care .....	68
3. Policy in the field of public health protection in Ukraine.....	90

**02 CHAPTER. IMPLEMENTATION OF THE STATE MONITORING SYSTEM FOR HEALTH DETERMINANTS, RESPONSES TO PUBLIC HEALTH EMERGENCIES .....99**

**METHODOLOGICAL ASPECTS OF OBTAINING AND MATHEMATICAL ANALYSIS OF THE RESULTS OF QUESTIONNAIRE SURVEYS OF PUBLIC HEALTH (Antomonov M. Yu.)..... 100**

1. General requirements for obtaining qualitative data in experimental studies and their initial processing..... 100
2. Methodological questions of questionnaires in experimental studies of public health..... 107
3. An example of surveying the level of environmental awareness of youth and its members ..... 119

**THE PRIORITY OF WATER AS DETERMINANTS OF PUBLIC HEALTH: OLD PROBLEMS AND NEW CHALLENGES (Babienko V. V., Mokienko A. V.) ..... 130**

1. Some reflections on recent regulatory documents ..... 130
2. New challenges amidst old problems..... 137
3. A multi-barrier approach to improving the microbiological quality of water..... 143
4. Strategy and tactics of substantiation of water as a determinant of public health..... 148

**ASSESSMENT OF THE POPULATION RISK BECAUSE OF LEACHING FROM THE SOIL INTO GROUNDWATER OF VARIOUS GROUPS OF PESTICIDES RECOMMENDED FOR THE PROTECTION OF BERRY AND MELON CROPS IN THE PRIVATE FARMS OF UKRAINE (Bilous O. S., Vavrinevych O. P.) ..... 155**

1. Patterns of degradation of different groups of pesticides in the soil, when they are used on berry and melon crops in the private farms..... 156
2. Prediction of the possibility of migration of pesticides into groundwater and risk assessment for the population..... 164

**STATE OF HEALTH AND PROFESSIONAL CHARACTERISTICS OF WORKING CONDITIONS OF TEACHERS IN THE SYSTEM OF EDUCATION INSTITUTIONS (Latina H. O.)..... 171**

1. Analysis of the incidence of temporary disability and subjective assessment of teachers' health..... 173
2. Professional characteristics of the teacher's working conditions..... 181

3. The principle of assessing the intensity of the work process of a teacher of general secondary education institutions according to the integral point assessment.....	197
--	-----

<b>PATHOGENESIS AND CLINICAL SYMPTOMS OF HUMAN INTESTINAL DISEASES CAUSED BY GRAM-NEGATIVE BACTERIA (Martych A. D., Krvavych A. S., Chervetsova V. G.).....</b>	<b>209</b>
1. Common intestinal diseases caused by gram-negative bacteria: pathogenesis, clinical symptoms and treatment .....	209
2. Current trends in the study of gram-negative bacteria and intestinal diseases .....	222

**03 CHAPTER. DOMESTIC AND FOREIGN EXPERIENCE IN TRAINING PUBLIC HEALTH SPECIALISTS ..... 227**

<b>ACTUAL ISSUES OF PERSONNEL POLICY FOR THE DOMESTIC SYSTEM OF PUBLIC HEALTH PROTECTION (Hushchuk I. V., Lyakh Yu. Ye., Smiyanov V. A.) .....</b>	<b>228</b>
1. Challenges for the public health system at the global and regional level.....	229
2. Challenges and personnel training for the domestic public health system.....	232
3. Problematic issues in the field of public health that need to be solved as soon as possible .....	237
4. Suggestions and recommendations .....	239

<b>HOW TO USE WESTERN EXPERIENCE TO IMPROVE LIFE AND HEALTH IN EAST EUROPEAN COUNTRIES (Kolesnykov Ye. B., Kryzhevskiy V. V.) .....</b>	<b>246</b>
1. Implementation of Western experience for improvement the health care system in Ukraine and East European countries .....	247
2. Implementation in Ukraine of a Western system of medical and public health education .....	252
3. Possible role of public health graduates during the war in Ukraine .....	255
4. Collaboration between public health specialists and medical doctors..	256

<b>STRUCTURING OF EDUCATIONAL COMPONENTS OF PHARMACY CURRICULA PROGRAMS IN THE COUNTRY OF THE EU AND UKRAINE IN SECTION OF THE SPECIALTY STANDARD (Krychkovska A. M., Hubytska I. I., Monka N. Ya.).....</b>	<b>261</b>
1. A retrospective analysis of the emergence and introduction of the specialty 226 Pharmacy, industrial pharmacy in accordance with the regulatory legal acts .....	262

2. Analysis of educational components of educational programs of Ukraine and EU countries .....	266
<b>EXPERIENCE AND PROSPECTS OF TRAINING HUMAN RESOURCES FOR THE PUBLIC HEALTH SYSTEM OF UKRAINE (Khomenko I. M., Ivakhno O. P., Pershehuba Ya. V.).....</b>	
1. Emergence of the prerequisites of the problem and formulation of the problem .....	292
2. Analysis of existing methods of problem solving and task formulation for optimal development.....	293
3. Management of epidemiological risks in the public health system.....	295
4. Strategic directions of development of the national public health system in line with modern changes in society .....	297
5. Medical specialty in the public health system of Ukraine.....	300
<b>04 CHAPTER. MENTAL HEALTH .....</b>	<b>309</b>
<b>THE MENTAL HEALTH OF THE POPULATION IN THE WAR CONDITIONS: THEORY, PRACTICAL ASPECTS OF PSYCHOLOGICAL ASSISTANCE (Hilman A. Yu.) .....</b>	
1. The essence and criteria of mental health .....	311
2. The empirical study of mental health of adults in war conditions .....	316
3. The practical aspects of psychological assistance for the promotion of mental health .....	323
<b>DEVELOPMENT OF REGRESSION MODELS OF PSYCHOPHYSIOLOGICAL STRESS IN CONDITIONS OF INFORMATION LOADS (Zaikina H. L.).....</b>	
1. Algorithm for determining the degree of psychophysiological stress based on the analysis of scientific attempts of previous researchers and own observations .....	337
2. Methodical tools for determining “markers” of psychophysiological stress during information load .....	343
3. The method of determining the integral indicator of the psychophysiological tension of the organism in the conditions of information loads .....	346
<b>CURRENT ISSUES OF PSYCHOSOCIAL REHABILITATION OF MILITARY SERVICEMEN AND THEIR FAMILIES (Kulesha N. P.).....</b>	
1. Theoretical analysis of scientific approaches to the problem of the concept of rehabilitation.....	364

2. Modern directions and organization of psychological support in crisis states of the personality .....	367
3. Psychological assistance to families of military personnel and war veterans .....	372

HYGIENIC ASESSMENT OF THE PECULIARITIES OF THE PROCESSES OF FORMATION OF THE PSYCHOPHYSIOLOGICAL FUNCTIONS OF THE ORGANISM AND PERSONALITY TRAITS OF CHILDREN AND ADOLESCENTS SUFFERING FROM CHRONIC DISEASES (Serheta I. V.).....		379
1. Peculiarities of the processes of formation of psychophysiological functions of the organism and personality traits of children and adolescents suffering from chronic diseases in natural living conditions.....		381
2. Peculiarities of the processes of formation of psychophysiological functions of the organism and personality traits of children and adolescents suffering from chronic diseases, under the conditions of applying a complex of psychohygienic correction measures.....		386
3. Prognostic aspects of correction of the functional state of the organism of children and adolescents suffering from chronic diseases .....		389

**05 CHAPTER. HEALTH PROMOTION, MOTHER AND CHILD WELFARE..... 399**

ADAPTIVE AND FUNCTIONAL RESERVE CAPABILITIES OF CHILDREN’S BODIES: THE BASIS OF PRE-HOSPITAL DIAGNOSTICS IN THE PUBLIC HEALTH SYSTEM (Kalynyuchenko I. O.) .....		400
1. Methods of determining adaptive and functional reserve capabilities of the body in children .....		404
2. Comprehensive assessment of the functional state of the cardiovascular system of children based on hemodynamic indicators .....		411
3. Age-sex variability of regulatory mechanisms of cardiac activity in children aged 7–17 years with different organized motor activity .....		420

**06 CHAPTER. OTHER CONCERNS..... 431**

STUDY OF THE ANXIOLYTIC EFFECT OF <i>ORIGANUM VULGARE L.</i> EXTRACT (Eberle L. V., Tsisak A. O.).....		432
1. Anatomical characteristics and chemical composition of <i>Origanum vulgare</i> . Arsenal distribution.....		433
2. Materials and research methods of <i>Origanum vulgare L.</i> extract.....		436
3. The results of the study of <i>Origanum vulgare L.</i> extract.....		441

HAPLOTYPE H-2 AND FEATURES OF CHANGES IN NEUROINFLAMMATORY CELLS, OXIDATIVE STRESS FACTORS, STRUCTURE AND FUNCTIONAL STATE OF THE CENTRAL NERVOUS SYSTEM IN NEUROTOXIN-INDUCED PARKINSONISM (Labunets I. F.) .....	455
1. Materials and methods .....	457
2. Results and Discussion .....	460
THE PRACTICE OF USING IMMOBILISED CELLS: DEVELOPMENT OF THE METHOD AND ITS POTENTIAL (Oshytok D. V., Krvavych A. S.) .....	472
1. Methods of immobilisation .....	473
2. Selection of carrier materials .....	477
3. Challenges and prospects .....	480
THE CLINICAL SIGNIFICANCE OF THE DEVELOPMENT OF INDIVIDUAL NORMATIVE INDICATORS OF EXTERNAL BREATHING IN MODERN MEDICINE (Sarafyniuk L. A., Horodetska O. O., Kyrchenko Yu. V.) .....	486
1. Emergence of the prerequisites of the problem and formulation of the problem .....	488
2. Research on the state of health of youth in the Podil region of Ukraine.....	489
3. Development of individual normative spirometric indicators in young people of a certain somatotype .....	492
HUMAN IMMUNODEFICIENCY VIRUS. TRANSPLANTATION OF HEMATOPOIETIC STEM CELLS (Yatskova Ye. A., Chervetsova V. G., Konechna R. T.) .....	498
1. The structure and life cycle of a virus .....	498
2. Groups and subtypes of HIV .....	500
3. Life cycle and mechanism of action on the cell .....	500
4. HIV treatment methods.....	506
