

CONTENTS

FLORA AND VEGETATION

Algoflora of the benthos of the rivers of the North-Western Black Sea Coast (Ukraine) Gerasimiuk V. P., Gerasimiuk N. V.	5
Mulching as a technique of restoring and protecting biodiversity of man-made landscapes Semak U. Y.	9

EXPERIMENTAL BOTANY

The effect of LED irradiation of different spectrum on the growth response of <i>Glycine max</i> (L.) Merr seedlings with a contrasting photoperiodic response in light culture Batuieva Ye. D., Avksentieva O. O.	12
Production and study of Cd resistant tobacco plants under water stress conditions Bronnikova L. I., Zaitseva I. O.	18
The influence of <i>Bradyrhizobium Japonicum</i> on chlorophylls content in leaves of soybean isogenic lines by <i>e</i> -genes under different of photoperiod Hlushach D. V., Avksentieva O. O.	22

ZOOLOGY

The ability of <i>O. sabulosum</i> (Coleoptera, Tenebrionidae) to feed on the leaves of woody and shrubby vegetation Nazimov S. S.	27
Studying the species diversity of the regional Coleoptera fauna in the vicinity of Pereyaslavschna with the aim of developing research skills in future natural science teachers Truskavetska I. Ya.	30

ECOLOGY

Amateur fishing as a direction for the recreation activities development of the Ukraine nature and preserve fund objects Burhaz O. A., Burhaz M. I.	35
Possibilities of remote sensing for monitoring the spread of pollutants (for example, nitrogen dioxide (NO ₂)) in cities of Ukraine Yelistratova L. A., Apostolov A. A., Tymchyshyn M. A.	39

Modern approaches to the methodology of determining residual quantities of pesticides in soil and plant raw materials	
Korniyenko V. I., Berezovskyi O. V., Senin S. A.	43
Effect of some female steroid sex hormones (17 β -estradiol, estriol, progesterone) on the life cycle of <i>Daphnia pulex</i>	
Kudriavtseva D. O., Konovets I. M.	47
Accumulation of organic carbon in ancient forests of the Vododilno-Verkhovyna Range (Ukrainian Carpathians)	
Leleka D. Yu., Shpakivska I. M., Pyzhyk I. S.	51
Pollen sensitivity of <i>Forsythia suspensa</i> Vahl. to environmental conditions in the green spaces of the city of Chernihiv	
Matiashuk R. K., Tkachenko I. V.	55
The influence of recreational load on plantings in the Regional Landscape Park «Kahamlytskyy» of the city of Kremenchuk	
Melnyk Ye. Ye., Bondar O. B.	60
Phitodiversity and health condotions of norway spruce (<i>Picea abies</i> H. Karst.) quasi-virgin forest of Synohora national nature park	
Shparyk Yu. S.	65
CHEMISTRY	
The quantum-chemical interpretation of hyperconjugative effects in aramid-type polymer systems	
Tokar A. V.	70
PHYSICAL AND GEOGRAPHICAL RESEARCH	
Mass distribution of sleet deposits of the DE (dangerous) and SHP (spontaneous) categories on the territory of Ukraine at the current stage of climate change during 1991–2020	
Pyasetska S. I.	75
Conditions for the formation of a river network and runoff within the city of Poltava	
Sarnavskyi S. P., Yermakov V. V.	79
GEOLOGY	
Improving the principles of obtaining information and creating conceptual models of the state of the geological environment in Ukraine as a basis for assessing risks in subsoil use	
Koshliakov O. Ye., Dnyiak O. V., Koshliakova I. Ye	83
