

## CONTENTS

### SECTION 1. AGRONOMY

Features of heavy metals behavior in anthropogenic landscape  
under the influence of military

**Bondareva O. B., Vyskub R. S., Gavrish S. L. .... 6**

Carbon monoxide sequestration under different fertilization systems  
in agroecosis

**Demydenko O. V. .... 11**

Sunflower Breeding for resistance to sulfonylurea herbicides  
and high oleic acid content

**Ilichenko A. S., Varenyk B. F., Karapira S. I. .... 15**

Genetic analysis of resistance to brown rust in F<sub>2</sub> populations  
of winter bread wheat depending on the combination  
of different genetic control systems

**Kirchuk Ye. I., Aliksieienko Ye. V., Holub Ye. A. .... 19**

Influence of the war on the fertility of Ukrainian soils

**Kryvenko A. I., Kononenko Yu. M., Dzham M. A. .... 22**

Effectiveness of using boron and molybdenum  
in foliar fertilization of soybeans

**Moldovan Zh. A., Moldovan V. H. .... 26**

The prospects of growing soft winter *Triticum L.* wheat in the Polissia zone  
of Ukraine

**Nychporuk O. O., Kuts R. O. .... 30**

To the question of forming the productivity of spring grain crops using  
resource-saving cultivation technologies in the conditions  
of the Central Forest Steppe under climate change

**Rasevich V. V., Shagurska N. V. .... 35**

A new variety of Spalah tomato with an increased content  
of lycopene in the fruits

**Rudas L. A. .... 38**

Results of breeding leguminous crops for drought resistance

**Sichkar V. I., Lavrova H. D., Koblai S. V. .... 41**

Efficiency of soybean cultivation under different systems of main tillage and level of fertilization in the conditions of the central forest-steppe of Ukraine <b>Tetereshchenko N. M.</b> .....	45
The influence of the war in Ukraine on the implementation of varieties of cereal ear cultures selected by DDSDS NAAS <b>Chuhrii H. A., Viniukova O. B., Udovychenko S. M.</b> .....	49
Yield and quality indicators of winter wheat grain depending on the elements of growing technology <b>Shapran V. S.</b> .....	54
<b>SECTION 2. PLANT PROTECTION AND QUARANTINE</b>	
Dynamics of rodents populations in Ukraine during the war <b>Kononenko Yu. M., Balan G. O.</b> .....	57
<b>SECTION 3. GARDENING AND VITICULTURE</b>	
Functional state of leaves' photosynthetic apparatus of Cherry varieties ( <i>Cerasus vulgaris</i> Mill.) grown in the nursery <b>Telepenko Yu. Yu., Hrynyk R. I.</b> .....	62
<b>SECTION 4. TECHNOLOGY OF PRODUCTION AND PROCESSING OF LIVESTOCK PRODUCTS</b>	
The current state of Ukrainian agrarian business and its impact on global food safety <b>Shuliar A. L., Shuliar A. L., Tkachuk V. P.</b> .....	66
<b>SECTION 5. GARDENING AND PARKS</b>	
The expediency of preserving ancient and large trees in cities <b>Melnyk Ye. Ye., Bondar O. B., Holovatiuk L. M.</b> .....	70
<b>SECTION 6. AQUATIC BIORESOURCES AND AQUACULTURE</b>	
The use of interactive digital services for the intensification of the educational process under the educational program «Aquatic bioresources and aquaculture» <b>Hrynevych N. Ye., Zharchynska V. S., Osadcha Yu. V.</b> .....	75
Fisheries and aquaculture in the Volyn region: legal regulation, current state, technological aspects <b>Melnyk O. V., Kacharovskiy R. Ye., Kovalchuk S. I.</b> .....	79

Dynamics of productive indicators of the first selection generation  
of the Antonino-Zozulenets intrabreed type of carp in the first  
and second year of life

**Oborskyi V. P., Kurinenko H. A. .... 83**

**SECTION 9. VETERINARY MEDICINE**

The role of the wild boar in the African swine fever epizootic  
on the territory of Ukraine during the war period

**Bezditko L. V., Koberniuk V. V. .... 88**
