

CONTENTS

SECTION 1. THEORY AND METHODOLOGY OF ATHLETES TRAINING

Diagnosis of coordination abilities of athletes
(on the example of sports dances)

Vabalich V. A...... 6

Features of technical training of basketball players

Vasylenko V. V., Gavrych A. L. 10

The current state of development of technical training of young football
players in accordance with modern conditions of the training process

Karpa I. Ya., Okopnyy A. M., Lobasyuk V. S. 14

Approaches to differentiating the training process
with young football players

Kostenko Ye. V., Nikolaienko V. V...... 18

Comparative characteristics of the average rate of successful actions
and mistakes of teams in international tournaments

Nesterenko N. A., Burdaiev A. K. 22

Psychological support of sports activities

Osadcha L. A...... 27

Analysis of Ukrainian athletes' performances in the women's singles
and doubles events at the 2024 Australian Open in Melbourne

Petrenko H. V., Diatlova D. D., Yemelianenko B. S. 31

Ways to improve the activities of children's and youth sports schools
for persons with disabilities

Sotnyk Z. G., Kravchuk Ya. I., Hariievskiy Yu. V. 34

Stages of motivation in sports activities

Khomovskiy O. I...... 37

SECTION 2. HUMAN HEALTH, FITNESS AND RECREATION, PHYSICAL EDUCATION OF DIFFERENT GROUPS OF POPULATION, PHYSICAL REHABILITATION

Influence of physical education forms on motor activity of primary school
children in a summer school camp

Grabyk N. M., Hulka O. V., Hrubar I. Ya. 40

Management of the educational and health environment of an educational institution for the formation of a healthy lifestyle Hryhorenko H. V., Hryhorenko D. P., Otechko Ye. M.	45
Key characteristics of motives and interests of pupils of senior classes that influence the motivation to engage in physical culture Diedukh M. O., Brychuk M. S., Holodova O. S.	49
Creation of adapted zones for recreational swimming for persons with disabilities (from the experience of Spain) Kalytka S. V., Zavatska L. A., Romanova V. I.	53
Psychological and pedagogical aspects of physical education of younger schoolchildren with autism spectrum disorders Kovtun A. O., Demyanov V. V.	57
Problems of the development of physical recreation in Ukraine Moroz Yu. M.	60
Modern pedagogical technologies in badminton teacher training under the BWF Shuttle Time program Ohnytyi A. V., Ohnyta K. M., Petrytsa P. M.	64
The role of physical culture and sports in the orientation of higher education students towards a healthy lifestyle Topchieva H. O.	68
Prognostic model of health risks for boys aged 12–15 years Trachuk S. V., Holub V. A., Dovhal V. I.	72
Behavioral orientations of girls aged 12–15 years in maintaining health Trachuk S. V., Savelieva H. V., Syrotiuk S. M.	76
Modern technologies for improving the level of physical condition of women by recreational aerobics exercise Khomenko I. M., Holovatenko O. M.	80
Petanque – a means of physical culture and sports rehabilitation for people with signs of traumatic impact of war events Yudenko O. V., Kolomoyets H. A., Lytvyn L. M.	84
SECTION 3. SPORT MEDICINE, PHYSIOLOGY AND BIOCHEMISTRY OF SPORT	
Validation of resting energy expenditure prediction equations in highly trained female endurance athletes Loshkarova Ye. O., Pastukhova V. A.	88

Testosterone concentration and maximum oxygen VO_{2max} test
in qualified athletes

Maidaniuk O. V., Vdovenko N. V., Husarova A. M. 91

Changes in anthropometric indexes and some biochemical indicators
of young athletes 7–10 years old who are engaged indaito-ryu aiki-jujutsu,
during the study

Shavel Kh. E., Kontsovska S. Ya..... 96

SECTION 4. MODERN PROBLEMS OF POPULATION RECOVERY AND WAYS TO SOLVE IT

Modern problems of physical training in power structures

Kovalchuk R. O., Gnydiuk O. P., Savina A. M. 100

Psychoemotional stress loads as components of adaptation
of the organism

Kozlovska T. F., Kudriashova T. I., Prokopenko Yu. S. 103

Physical culture as a means of forming a healthy lifestyle
of university students

Snizhko Yu. A., Tkhoreva I. V. 107

SECTION 5. MODERN INFORMATION TECHNOLOGIES IN PHYSICAL CULTURE AND SPORTS

Study of the feasibility of using a pedaling power sensor
in the training of cyclists

Gladyshev R. I. 111

Modern methodological approaches to management in the system
of training athletes

Karaulova S. I., Shulika B. Yu., Korolov D. I. 114
