

CONTENTS

SECTION 1. AGRONOMY

Effectiveness of the influence of agricultural technological practices on the formation of grain productivity of spring barley Vinyukov O. O., Bondareva O. B., Volenschchuk Ye. V.	5
Competitiveness of hop production of Ukrainian manufacture Koshitska N. A., Protsenko L. V.	10
The productivity of spring barley depends on the cultivation technology Len O. I.	14
Towards assessing the relationship between the physical properties of soils and the yield of agricultural crops Plisko I. V., Romanchuk K. Yu.	17
Varietal specificity of productivity formation of sugar sorghum Popova O. P., Kulyk M. I.	21
Characterization of winter bread wheat breeding lines with rare pigmentation of the caryopsis in terms of yield and grain quality Usova Z. V., Leonov O. Yu., Suvorova K. Yu.	25
The role of the variety in the implementation of adaptive farming systems on the territory of Ukraine Feoktistov P. O., Yarmolska O. E., Gavrilov S. V.	30
Prospects for cultivating giant miscanthus on military degraded soil Tsapko Yu. L., Palamar N. Yu.	33
Methods of producing environmentally safe chickpea grain Chervona V. O., Chervonyi Ya. M.	37
Resource-saving technologies of grain growing – at the value of global food security Shebanin V. S., Ruzhniak M., Drobitko A. V.	41
SECTION 2. PLANT PROTECTION AND QUARANTINE	
Weediness of late winter wheat crops after soybean forecrop in the conditions of the Eastern Forest-Steppe of Ukraine Hutianskyi R. A.	46

The effectiveness of the use of fungicides against potato alternaria
in the conditions of the right bank forest steppe of Ukraine
Dzham M. A., Kononenko Yu. M., Mykhaylenko S. V...... 50

Fusarium of soybeans at the initial stages of organogenesis
in the forest-steppe of Ukraine
Zabaluieva D. T., Artemchuk I. P...... 54

SECTION 4. TECHNOLOGY OF PRODUCTION AND PROCESSING OF LIVESTOCK PRODUCTS

The influence of bedding material on comfort
and welfare of dairy cows in period of low temperatures
Borshch O. V., Babenko O. I., Borshch O. O...... 58

SECTION 5. AQUATIC BIORESOURCES AND AQUACULTURE

Genetic Structure of Silver Carp *Hypophthalmichthys molitrix*
(Valenciennes, 1844) stocks in Ukrainian Fish Hatcheries
Assessed Using DNA Markers
Borysenko N. O., Mariutsa A. E. 62

Fertility indicators of river crayfish populations
of Prydniprovyia reservoirs
Borovyk I. I., Marenkov O. M. 66

On the question of scientific support for the development of sturgeon
farming in Ukraine against the backdrop of the coronavirus pandemic
and full-scale war
Simon M. Yu., Burhaz M. I., Zabytivskyi Yu. M. 69
