

## CONTENTS

### CHAPTER 1

#### **RESULTS OF BIOCHEMICAL BLOOD ANALYSIS AND MARKERS OF FIBRINOLYSIS IN PATIENTS WITH OSTEOARTHRITIS OF LARGE JOINTS REQUIRING ENDOPROSTHETICS**

<b>(Bondarenko S. Ye., Vysotskyi O. V., Morozenko D. V.)</b> .....	9
1. Materials, methods and purpose of research .....	11
2. Results of laboratory examination of patients with osteoarthritis of large joints who require endoprosthesis .....	12

### CHAPTER 2

#### **PROGNOSTICATING ALTERATIONS IN LIVER FUNCTION INDICATORS AND ASSESSING THE EFFICACY OF COMBINED THERAPY IN INDIVIDUALS WITH STABLE ANGINA PECTORIS ACCOMPANIED BY NON-ALCOHOLIC FATTY LIVER DISEASE**

<b>(Karpyshyn N. V.)</b> .....	25
1. Research methodology and dynamic analysis of the obtained results .....	27
2. Analysis of indicators of the liver function in patients with combined pathology after administration of combined therapy .....	30
3. Prognosticating alterations in liver function indicators among patients with combined pathology following combined therapy .....	32

### CHAPTER 3

#### **ACUTE INTESTINAL OBSTRUCTION: ARTIFICIAL INTELLIGENCE IN DIAGNOSTICS, PREDICTIVE ANALYTICS AND TREATMENT**

<b>(Kolesnikov Ye. B., Znaievskyi M. I.)</b> .....	39
1. Historical aspects of diagnosis and treatment of acute intestinal obstruction .....	40
2. Artificial intelligence in diagnoses, predictive analytics and treatment of acute intestinal obstruction .....	41

## **CHAPTER 4**

### **NEW PROBLEMS AND CHALLENGES FOR WOMEN'S REPRODUCTIVE HEALTH IN UKRAINE AT THE BEGINNING OF THE 21ST CENTURY AND WAYS TO SOLVE THEM**

<b>(Ostapiuk L. R.)</b> .....	<b>49</b>
1. The role of a patient-centred approach in the effective provision of reproductive health reproductive health of the population under conditions of martial law .....	51
2. The use of modern diagnostic methods as a key to the effective management of reproductive health issues .....	54

## **CHAPTER 5**

### **MODERN VIEWS ON THE PROBLEM OF VESICoureTERAL REFLUX IN CHILDREN**

<b>(Savitska A. A., Konopliyskyi V. S., Korobko Yu. Ye.)</b> .....	<b>61</b>
1. Causes of vesico-ureteral reflux.....	62
2. Pathogenesis of vesico-ureteral reflux .....	63
3. Importance of vesico-ureteral segment in VUR pathogenesis .....	63
4. Classification of VUR according mechanism .....	75

## **CHAPTER 6**

### **PHYSICAL THERAPY OF MYOFASCIAL LOW-BACK PAIN FOR MIDDLE AGED PATIENTS**

<b>(Turytska T. H., Vinnyk O. O., Rumilov D. O.)</b> .....	<b>84</b>
1. The place of physical therapy in the rehabilitation of patients with myofascial pain syndrome .....	88
2. Physical therapy management of myofascial pain in the lumbar spine ...	91
3. Evaluation of the effectiveness of the physical therapy program and discussion of the obtained research results .....	98

## **CHAPTER 7**

### **THE CURRENT STATE OF THE POSSIBILITY OF RESEARCHING KIDNEY FUNCTION IN PATIENTS WITH CORONARY HEART DISEASE**

<b>(Turytska T. H., Latsynska S. A., Shendrik L. M.)</b> .....	<b>107</b>
1. Kidney dysfunction in cardiovascular diseases and their consequences .....	109
2. Pathophysiology of renal dysfunction in cardiovascular diseases and their consequences .....	115
3. Inflammation as a predictor of coronary heart disease .....	118
4. Modern possibilities of kidney function research in medical diagnostic institutions of Ukraine and the world.....	120

## **CHAPTER 8**

### **ANALYSIS OF THE TUBERCULOSIS MEDICATIONS MARKET IN UKRAINE AND DEVELOPMENT OF INFORMATIONAL SUPPORT FOR THE IT PROGRAM ON IMPORT SUBSTITUTION**

**(Venhryn N. M., Krychkovska A. M., Khomenko O. I.) ..... 136**

1. History and current state of tuberculosis morbidity.

Analysis of the Register of Medicinal Products in Ukraine regarding the list of anti-tuberculosis drugs ..... 138

## **CHAPTER 9**

### **METHODS OF SYNTHESIS OF VITAMIN**

#### **K3 (2-METHYL-1,4-NAPHTHOQUINONE) (REVIEW)**

**(Krvavych A. S.)..... 155**

1. Analysis of the current state of science..... 156

2. Chemistry of menadione synthesis process..... 158

3. Application of new selective catalysts in the oxidation of 2-methyl-1,4-naphthoquinone ..... 161

## **CHAPTER 10**

### **REGIONAL MARKETING ANALYSIS OF THE HOMEOPATHIC MEDICINES MARKET: IN THE CONTEXT OF THE NEW LAW OF UKRAINE “ON MEDICINAL PRODUCTS”**

**(Krychkovska A. M., Zayarniuk N. L., Romanovska T. V.) ..... 170**

1. Homeopathic medicines in the context of the new Law of Ukraine “On Medicinal Products” and regional marketing research of the market of homeopathic medicines of domestic producers ..... 172

## **CHAPTER 11**

### **APPLICATION OF MALVA SYLVESTRIS L. EXTRACT IN DEVELOPMENT OF COSMECEUTICAL SOAP WITH ANTIOXIDANT PROPERTIES**

**(Kulakivska A. Ye., Konechna R. T.) ..... 206**

1. Malva sylvestris L.: distribution, botanical description, biologically active compounds with antioxidant properties ..... 207

2 Features of obtaining the substance based on medicinal plant and application in medicine ..... 211

3. The importance of packaging in safety of quality of active compounds ..... 214

4. Soap and technology of industrial development ..... 216

## **CHAPTER 12**

### **DIGITALISATION OF PHARMA: REFORMING OF THE SCIENTIFIC, EDUCATIONAL, MANUFACTURING AND MARKETING LANDSCAPE**

<b>(Stasevych M. V., Zvarych V. I.)</b> .....	<b>223</b>
1. The impact of digital tools on research and development of new medicines .	225
2. Digital transformations in pharmaceutical education: from classroom learning to online courses .....	226
3. Digital technologies in optimizing pharmaceutical manufacturing and quality control of pharmaceutical products .....	230
4. Digital marketing in the pharmaceutical industry .....	233

## **CHAPTER 13**

### **PATHOLOGICAL BIOMINERALIZATION AS A PROSPECTIVE MARKER FOR THE DIAGNOSIS OF MENINGIOMA**

<b>(Denysenko A. P., Moskalenko R. A.)</b> .....	<b>241</b>
1. Epidemiology, etiology, classification and diagnostics of meningiomas .....	242
2. Features of pathological biomineralization of meningiomas .....	245
3. Materials and methods .....	246
4. Results .....	249

## **CHAPTER 14**

### **STUDY OF THE INFLUENCE OF EXPERIMENTAL NUTRIENT SUBSTRATES CONTAINING COMBINATIONS OF BACTERIAL DISINTEGRATES ON SIGNS AND FACTORS OF PATHOGENICITY OF MICROORGANISMS**

<b>(Isaienko O. Yu., Bilozersky V. I., Ryzhkova T. M.)</b> .....	<b>261</b>
1. Study of the influence of combinations of nutrient substrates containing disintegrates of <i>S. epidermidis</i> and <i>S. aureus</i> on individual signs and factors of pathogenicity of microorganisms .....	263
2. Study of the influence of combinations of nutrient substrates containing biologically active substances of <i>Pseudomonas</i> spp. with <i>Staphylococcus</i> spp. or <i>Escherichia coli</i> on individual signs and pathogenicity factors of microorganisms .....	266

## **CHAPTER 15**

### **A NEW DIRECTION OF MODERN VACCINOLOGY DEVELOPMENT**

<b>(Volianskyi A. Yu., Smilianska M. V.)</b> .....	<b>278</b>
1. The main links of the immunopathogenesis of the vaccine response ....	280
2. Vaccination in Ukraine in wartime and post-war conditions .....	283
3. The paradigm of personalized vaccinology .....	286

## **CHAPTER 16**

### **HYGIENIC ASSESSMENT OF HOUSING AND MEDICAL AND SOCIAL CONDITIONS OF STAY AND FEATURES OF SOCIAL AND PSYCHOLOGICAL ADAPTATION HIV-INFECTED PERSONS**

<b>(Serheta I. V., Dudarenko O. B., Vakolyuk L. M.)</b> .....	<b>293</b>
1. Peculiarities of housing and medical and social conditions of HIV-infected and practically healthy persons .....	294
2. Sanitary and hygienic characteristics of the conditions of stay of HIV-infected persons in health care institutions.....	299
3. Clinical features of the course of the disease and features of social and psychological adaptation of HIV-infected persons .....	300

## **CHAPTER 17**

### **THE REAL THREAT OF OUR TIME IS POST-TRAUMATIC STRESS DISORDER AS A CONSEQUENCE OF A FULL-SCALE WAR**

<b>(Chorna V. V., Khomenko I. M., Kolomiets V. V.)</b> .....	<b>308</b>
1. Historical and psychological peculiarities of post-traumatic stress disorder formation .....	310
2. Post-traumatic stress disorder in military personnel: consequences of full-scale war .....	312
3. Post-traumatic stress disorder among children and youth.....	330
4. Post-traumatic stress disorder among students of higher medical and technical education in Ukraine .....	334
5. Preventive measures regarding the occurrence of PTSD .....	341

## **CHAPTER 18**

### **INFORMATION TECHNOLOGY FOR VISUALIZING THE EDUCATIONAL PROCESS OF MEDICAL STUDENTS**

<b>(Hnenna V. O., Hovorushchenko O. O., Voichur O. Yu.)</b> .....	<b>349</b>
1. Analysis of the use of visualization methods and tools in the educational process of medical students .....	350

2. Information technology for visualizing the educational process of medical students .....	356
3. Results of using methods and tools of visualization of the educational process of medical students .....	362

## **CHAPTER 19**

### **APPLYING OF MODERN EDUCATIONAL TECHNOLOGIES IN THE TRAINING OF A HIGHLY QUALIFIED DENTIST**

<b>(Gorb-Gavrylchenko I. V.).....</b>	<b>368</b>
1. Modern innovative educational methods used at the Department of Therapeutic Dentistry .....	370
2. Characteristics of active methods used as modern educational technologies .....	373

## **CHAPTER 20**

### **PROBLEMS OF PHARMACEUTICAL EDUCATION IN UKRAINE: TOPICAL ISSUES AND ELABORATION OF WAYS TO SOLVE THEM**

<b>(Krychkovska A. M., Hubytska I. I., Monka N. Ya.).....</b>	<b>383</b>
1. Overview of the formation and development of the specialty 226 “Pharmacy, industrial pharmacy” of the field of knowledge 22 “health care” in Ukraine .....	385
2. Problems of higher pharmaceutical education and search for ways to solve them.....	390
