

CONTENTS

SECTION 1. Bilingualism of children with speech disorders: speech therapy aspects (Babych N. M., Tychyna K. O., Tichenko L. A.).....	1
1. Scientific research on the issue of bilingualism in children with different dysontogenesis	2
2. Study of bilingualism in preschool children with speech disorders	12
SECTION 2. The use of digital technologies in special and inclusive education: theoretical foundations and practical approaches in the professional training of specialists (Batsurovska I. V., Kurepin V. M.).....	22
1. Digital tools in special and inclusive education: a review of current technologies.....	23
2. Methodology of using digital technologies in the professional training of specialists in inclusive education	28
3. Practical cases of implementation of digital technologies in the educational process of special and inclusive education	33
SECTION 3. Innovative approaches to the development of special and inclusive education in the context of the European dimension: the role of intelligent systems and digital technologies (Batsurovska I. V., Lymar O. O.).....	45
1. The role of intellectual systems in the development of special and inclusive education: analysis of the European experience.....	46
2. The impact of digital technologies on improving the quality of inclusive education: best practices and challenges	54
3. Integration of intelligent systems and digital technologies in the educational process: perspectives and development strategies	59
SECTION 4. Methodological foundations and conceptual ideas of inclusive education: foreign and domestic practices (Dychkivska I. M.).....	70
1. Conceptual foundations of inclusive education in domestic and foreign educational space: comparative aspect	70
2. Development of psychological and pedagogical mechanisms for individualizing the educational process: foreign and domestic experience.....	73
3. Foreign and domestic studies of teachers' inclusive competence	77

SECTION 5. Pertaining to issues of social education for preschoolers with autism spectrum disorder (Klyap M. I.)	84
1. Basic ways and stages of socialization for children with autism at the preschool educational establishment with inclusive study	86
2. Innovative approaches towards social skills formation for children with autism spectrum disorder at preschool establishments	93
SECTION 6. Out-of-school education as a factor in the development and socialization of schoolchildren with intellectual disabilities (Kovalenko V. Y., Sinopalnikova N. N.).....	105
1. Theoretical, organizational, and pedagogical prerequisites for the socialization and development of children with intellectual disabilities through out-of-school education.....	108
2. The impact of out-of-school education on the development and socialization of students with intellectual disabilities	111
SECTION 7. Ways to overcome difficulties in the reading skills formation in primary school students (Kovalenko O. M., Yemets A. A.).....	124
1. Characteristics of a full-fledged reading skill and the stages of its formation.....	125
2. A system of exercises aimed at helping children master letter symbols and form the syllabic reading skill	131
SECTION 8. Neurostimulation Technologies in the corrective and developmental activities of children of early and preschool age with motor dysfunctions (Lopatynska N. A., Khomyk T. V., Kosianchuk A. D.).....	142
1. The theoretical basis for the use of neurostimulation technologies in the corrective and developmental activities of children of early and preschool age with motor dysfunctions	143
2. Overcoming motor dysfunctions in children of early and preschool age with speech difficulties using modern neurostimulation technologies.....	154
SECTION 9. Trends in the Development of Inclusive Education in Higher Education Institutions. Inclusive Environment in Higher Education Institutions: State and Prospects for Development (Popadych O. O., Opachko M. V.)	164
1. Practice of inclusive education development in higher education institutions	166

2. Technologies of inclusive education used for young people with special physical needs.....	170
3. Theoretical and practical aspects of future pedagogical staff readiness to work in an inclusive educational environment	175

SECTION 10. Conceptual and theoretical foundations of correctional and developmental work with children with special educational needs (Ribtsun Yu. V.)	
1. Use of scientific and practical models in working with children with special educational needs	192
2. Implementation of scientific models in the practice of general preschool and secondary special education institutions	197

SECTION 11. Formation of media literacy of younger schoolchildren with intellectual disabilities (Stebliuk S. V.)	
1. Theoretical aspects of the development of media literacy in an inclusive educational environment.....	206
2. Ways of developing media literacy among younger schoolchildren with intellectual disabilities	211

SECTION 12. Inclusive education in preschool institutions of Ukraine: status, specificity, and program-methodological support (Chekan O. I.).....	
1. Analysis of the Current State of Inclusive Education	226
2. Specificity of Inclusive Education in Modern Preschool Institutions	229
3. Program-Methodological Support for Preschool Education for Children with Special Educational Needs in Ukraine.....	238
4. Analysis of Programs for the Development of Coherent Speech in Children with Special Educational Needs.....	242
