

CONTENTS

SECTION 1. AGRONOMY

Plants of the family *Euphorbiaceae* Juss. in the natural flora
of the Kingdom of Belgium

Levchyk N. Ya., Zaimenko N. V., Horbenko N. Ye. 5

SECTION 2. EXPERIMENTAL BOTANY

Protein distribution in biotechnological variants *Nicotiana tabaccum* L.
in vitro under salt stress conditions

Bronnikova L. I., Zaitseva I. O. 12

SECTION 3. ECOLOGY

Industrial waste as a consequence of the principle
of thermodynamic duality in the technological process

Voloshyn V. S. 16

Methods of determining polyaromatic hydrocarbons in the environment

Korniyenko V. I., Berezovskyi O. V., Midyk S. V. 22

Optimization of drinking water quality assessment
using correlation analysis

Mats A. D., Smyrnov V. M. 26

Monitoring of the environmental state of oak plantations
using remote sensing

Nebesnyi V. B., Grodzynska G. A., Golubov S. I. 31

Studying some habitats of populations of the hare`s tail-cottongrass (*Eriophorum
Vaginatum* L.) in the territoris of Ukraine (Kharkiv, Kyiv, Vinnytsia, Lviv,
Rivne, Chernivtsi, Zakarpattia, Ternopil, Dnipropetrovsk, Odesa,
Ivano-Frankivsk, Volyn, Mykolaiv regions for the period 2013–2024)

Roppe-Teneishvili O. V., Peresada Ye. A. 36

Territory (Aquatory), Population, and Natural Resource Potential
of the Ecosystems of the Ukrainian Carpathians as Key Components
of the Ecological Cadastre

Rudenko S. V. 39

Changes in the species diversity of Lepidoptera in the territory
of the national natural monument “Lysa Hora and Hora Sypukha”

Shamro N. R., Ryzhenko N. M. 44

Mealworms are plastic waste disposers

Shtuchka M. R., Tytova Yu. O. 46

SECTION 4. MEDICAL AND BIOLOGICAL RESEARCH

Prevalence of allergic diseases in children of different age groups
Sidashenko O. I., Voronkova Yu. S. 49

The effect of complex treatment with ezetimibe on the blood lipid spectrum
in women with menopausal metabolic syndrome
Skoreiko N. T., Skoreiko R. S., Palapa V. V. 52

SECTION 5. CHEMISTRY

The quantum-chemical investigation for the interaction mechanism
of tertiary aliphatic amines with epichlorohydrin
Tokar A. V. 55

SECTION 6. PHYSICAL AND GEOGRAPHICAL RESEARCH

Dynamics of modern crustal movements in Transcarpathia:
hydrogeological aspect
Ignatyshyn V. V., Izhak T. Y., Molnar D S. S. 59

Analysis of changes in the air temperature regime in the conditions
of the Kharkiv region
Koliada O. V., Korobkova H. V., Mikheeva O. O. 63

Rains of the SHP category (natural phenomena) on the territory of Ukraine
during the years 2020–2022
Pyasetska S. I. 67

SECTION 7. SOCIO AND GEOGRAPHICAL RESEARCH

Sports as a component of the resilience of the urban environment
in Ukraine
Serzhan V. A. 71

**SECTION 8. FEATURES OF TRAINING SPECIALISTS
IN NATURAL SCIENCES**

Professional guidance in physics classes as a component
of the development of subject and key competences
Leonidova A. O., Skrynnik I. M. 75
