

## CONTENTS

### SECTION 1. CLINICAL MEDICINE: EXPERIENCE AND INNOVATIONS

Physical therapy of patients with bruxism from the perspective  
of the need for rehabilitation intervention

**Bodnar A. B.**..... 7

A clinical case of a post-amputation stump papilloma of a diabetic foot,  
complex surgical approaches and management

**Vergun A. R., Matsiakh Yu. M., Ivakha M. O.**..... 10

Problems of surgical strategy in bedsores management  
and their purulent-necrotic complications, author's views

**Vergun A. R., Matsiakh Yu. M., Yurchuk K. O.**..... 14

Нове у вивченні механізмів розвитку анемії

**Vesnina L. E., Tkachenko O. V., Pavlenko H. P.**..... 18

Oral Health Impact Profile parameters in patients  
with temporomandibular joint dysfunction under the influence  
of a physical therapy

**Hohol R. V.**..... 22

Refining clinical approaches to localized renal cell carcinoma in pregnant  
patients: balancing challenges and innovations

**Demianiuk M. S.**..... 26

Features of intensive care for severe neurotrauma in primary brain injury  
and damage to the hypothalamic-pituitary region

**Ilchyshyn O. Ya.**..... 31

Aspects of the impact of MTBI on health: a study of the experience  
of territorial defense forces servicemen in the Kyiv region

**Kyrylenko Ye. O., Tumanova T. O., Chayka Yu. G.**..... 34

Oral microbiome and its changes during the use  
of orthodontic fixing appliances

**Kysil Z. F., Fedianovych I. M., Tiazhkorob T. V.**..... 38

Combination of drugs for the treatment of major depressive disorder

**Korol A. P., Hnenna V. O., Hovorushchenko O. O.**..... 42

A case of a post-amputation stump papilloma of a diabetic foot, clinical  
and diagnostic aspects

**Krasnyi M. R., Vergun A. R., Matsiakh Yu. M.**..... 46

Risk factors for uterine leiomyoma <b>Martynova L. I., Prylutska A. B.</b> .....	50
review of standard laboratory parameters for preventing postoperative inflammation in patients with urolithiasis <b>Morhuntsov V. O., Lyulko O. O.</b> .....	53
Factors for the formation of social adaptation in young people with arterial hypertension <b>Nikonova V. V.</b> .....	56
Analysis of trends in the use of artificial intelligence in relation to the main radiological diagnostic methods in dentistry. <b>Symonenko R. V., Mirzoiev Z., Fedianovych K. D.</b> .....	60
<b>SECTION 2. THEORETICAL MEDICINE:</b>	
<b>BASIC DEVELOPMENT TRENDS</b>	
Advancing governance for digital health transformation in Ukraine: digital literacy and leadership <b>Aleksandrenko H. D.</b> .....	63
Modern world classifications: Palmer's system, international and American (universal) systems of permanent and temporary teeth, modern systems of evaluation and registration of dental caries <b>Hnenna V. O., Shapovalov M. S., Soletska A. S.</b> .....	67
The use of stem cells for the treatment of cardiovascular diseases <b>Kasilova M. O., Nefedova A. R., Boiagina O. D.</b> .....	71
Current issues of the cannabinoids use for treatment in neurology <b>Kostyana K. V., Makukh Kh. I.</b> .....	74
Obesity as a challenge for the 21st century <b>Sokolowska K.</b> .....	78
Histological and morphometric changes in the arterial link of the hemomycocirculatory bed of the aorta wall of the white rat in the late stages of streptozotocin-induced diabetes mellitus <b>Tsytovskiy M. N.</b> .....	84
Formation of the basal membrane of the endothelium of microvessels in the early stages of prenatal human ontogenesis <b>Shevchenko O. O., Levon M. M., Haidai O. S.</b> .....	88
Morphological features of liver sinusoidal capillaries in rats after 6 weeks of experimental application of cannabidiol oil <b>Shevchuk M. M., Volos L. I.</b> .....	92

**SECTION 3. PHARMACEUTICAL SCIENCE:  
THE PRESENT AND THE FUTURE**

Marketing research of the market of psychotropic drugs

**Hrushkovska D. T., Sadova-Chuba Z. T. .... 96**Analysis of the content of toxic substances in medicinal plant raw materials  
of Volhynia Polissia**Kharlampovych S. A., Welchinska O. V. .... 98****SECTION 4. MEDICAL AND BIOLOGICAL SCIENCES:  
INNOVATIONS OF THE FUTURE***In vivo* electrocardiography in adult *Danio rerio*: using of benzocaine  
for anesthesia**Shepeliev S. Ye. .... 103****SECTION 5. PREVENTIVE MEDICINE:  
THE CURRENT STATE AND PROSPECTS**

Regulatory and legal regulation of clinical trials in Ukraine

**Asaulenko I. S. .... 106**

Problems of reproductive health formation in Ukraine

**Zhdanova O. V. .... 110**The challenges of the COVID-19 pandemic and their impact  
on the development of Global Health Diplomacy**Korolenko V. V., Korolenko V. V. .... 113**

Peculiarities of the course of parvovirus in pregnant women and children

**Medrazhevskaya Ya. A., Fik L. O., Malyk S. L. .... 117**

Physiology and valeology: theoretical and applied aspects of integration

**Tkachenko O. V., Vesnina L. E., Sokolenko V. M. .... 121****SECTION 6. PARTICULARITIES OF TRAINING MEDICINE  
AND PHARMACY SPECIALISTS**

The quality of higher education is a mobile, multi-component concept

**Andreev O. V., Tagunova I. K., Gushcha S. G. .... 125**The role of artificial intelligence in improving the educational process  
of students**Bondarenko Yu. M., Martynenko V. Ye. .... 128**

Ways of improving the training of pediatric students in medical biology

**Hurniak O. M., Romanenko O. V. .... 132**

Using the platform “LIKAR” as a means of training a student pharmacist and a future pharmacist <b>Kaminskyi R. F., Ihnatishchev M. R., Haidai O. S.....</b>	<b>135</b>
The use of educational video content in distance and blended learning formats for teaching the disciplines of «Organic Chemistry» and «Bioorganic Chemistry» at Zaporizhzhia State Medical and Pharmaceutical University <b>Kryvoshey O. V., Antypenko O. M.....</b>	<b>137</b>
Mastering knowledge of the biological foundations of human life activities as a component of training a future specialist in physical therapy <b>Panchuk O. V., Kostylov O. V., Romanenko O. V. ....</b>	<b>142</b>
Psychophysiological characteristics of medical students' state during studying under martial law <b>Savka Yu. M., Krichfalushii O. P., Slyvka Ya. I. ....</b>	<b>146</b>
Features of the teaching of the regulatory discipline "Medical chemistry" for the training of bachelors in the specialty of "Nursing" <b>Khopta N. S., Nechytaylo L. Ya. ....</b>	<b>148</b>
