

CONTENTS

SECTION 1. AGRONOMY

Optimization of the technological parameters of the nutrient solution with the help of EM preparation when growing micro greens in hydroponic columns

Kovalov M. M. 5

Analysis of elements of soybean yield structure

Pylypenko O. V. 7

Metabolism of glyoxylate in peroxisomes of agricultural crops during agricultural production

Chechui H. F. 9

Formation of competencies in education seekers through the use of elements of agroscouting and STREAM: management of soil fertility and productivity of agricultural crops in the conditions of an experimental field

Chumbei K. V., Chumbei V. V. 13

SECTION 2. GARDENING AND VITICULTURE

Yield and some components of productiveness of the new black currant cultivars

Babiichuk I. M., Yareshchenko O. M., Tereshchenko Ya. Yu. 18

Agrobiological assessment of collectible hazelnut varieties in the conditions of the Transcarpathian lowlands

Hliudzyk-Shemota M. Yu., Savina O. I., Popovych H. B. 23

Micropropagation of table and wine varieties of grapes

Zelenyanska N. M., Gogulinska O. I., Borun V. V. 28

The influence of drip irrigation on the development, fruiting and quality of white grape varieties

Savina O. I., Symochko V. V., Zozulia S. S. 32

Turnip yield in ground depending on the use of insecticides of different origin of Western Polissya of Ukraine

Hareba V. V., Kuts O. V., Chernenko D. S. 37

SECTION 3. TECHNOLOGY OF PRODUCTION AND PROCESSING OF LIVESTOCK PRODUCTS

Genomic selection in sheep breeding: modern challenges and opportunities

Antonik I. I., Zaruba K. V., Nedosekov V. V. 41

| | |
|---|-----------|
| Prospects of the use of secondary suckling raw material are in technology of ice-cream Kalinina H. P., Zahorui L. P., Hrebelnyk O. P. | 49 |
| SECTION 4. FORESTRY | |
| Phytomeliorative effectiveness of coastal and water areas of the mining complex Tyndyk O. S., Popovych V. V., Shuplat T. I. | 54 |
| SECTION 5. GARDENING AND PARKS | |
| Types of green compositions in therapeutic landscape areas Movchan V. O., Zinchuk N. A. | 59 |
| SECTION 6. AQUATIC BIORESOURCES AND AQUACULTURE | |
| Natural phytomelioration of the coastal zone of the Styr River within Lutsk Kopylov V. P., Shuplat T. I., Popovych V. V. | 63 |
| SECTION 7. VETERINARY MEDICINE | |
| Diagnostic signs of the non-effusive feline infectious peritonitis: case analysis Murashko T. V. | 67 |
| Diagnosis, treatment and prevention of foregut dystonia syndrome in cattle Sapronova V. O., Tishkina N. M. | 71 |
