

CONTENTS

SECTION 1. Retrospective analysis of the development of sports wrestling (Balashov D. I.)	1
1. Historical Features of the Emergence and Development of Sports Wrestling.....	2
2. Systematic-Historical Analysis and Development Trends of the Main Types of Sports Wrestling in the Olympic Games Programs.....	13
SECTION 2. Study of the physical development and functional state of young women in the process of health-enhancing physical activity (Bermudes D. V.).....	30
1. Theoretical Analysis of the Components of a Healthy Lifestyle in Women Aged 25–35	31
2. The Influence of Health-Enhancing Physical Activity on the Physical Development and Functional State of Young Women.....	44
SECTION 3. Personally oriented physical culture of teenagers-dancers and other sports sections (Holovchenko O. I.).....	59
1. Psychological aspects of the formation of personal physical culture of students aged 11-15	60
2. Motor activity of students in grades 5–9 with different types of temperament	69
3. Assessment of the effectiveness of the program to promote personal development through physical education	75
SECTION 4. Training of future physical education teachers for physical recreational work at school (Hrubar I. Ya., Grabyk N. M., Hulka O. V.)	84
1. Requirements for the professional training of future physical education teachers in the context of professionography	85
2. Modern forms of physical recreational work with students	91
3. Pedagogical conditions for the preparation of future teachers of physical education for the physical recreational work at school	98
4. The state of readiness of future physical education teachers for physical recreational work	105
SECTION 5. Implementation of the principle of natural correspondence in ecological and physical education of preschoolers (Kalichak Yu. L.).....	120
1. The state of research on the problem	121
2. Using the principle of natural correspondence while working with early-age children.....	125
3. Specific features of the use of the principle of natural correspondence in the ecological education of preschoolers.....	127

4. Implementation of the principle of natural correspondence in the process of physical development of preschoolers (after M. M. Efymenko's innovative technology).....	131
5. Practical recommendations for educators	137
SECTION 6. Features of improving the special endurance of football players in the preparatory period (Kyselov V. O.).....	
1. Theoretical and methodological aspects of training football players in the preparatory period	146
2. Analysis of the effectiveness of the method of improving the special endurance of football players of a professional team	156
SECTION 7. Psychological training of female basketball players (Kulyk N. A.)	
1. The problem's prerequisites emergence and the problem's formulation.....	173
2. The analysis of existing methods for solving the problem and formulating ...	181
SECTION 8. Methodology for developing cadets' motor skills through orienteering during physical education classes (Mykhniuk O. V.).....	
1. Theoretical and methodological foundations of developing cadets' motor skills in military education	197
2. Methodology of orienteering in cadets' training; practical aspects.....	200
3. Analytical summary of the results of the experimental implementation of the methodology	202
SECTION 9. The recreational potential of outdoor play as a component of a healthy lifestyle (Moroz Yu. M.).....	
1. The health-improving focus of outdoor play	210
2. The importance of outdoor games in the process of organizing physical recreation	214
SECTION 10. Sports and health work by means of basketball with students with intellectual disabilities in special schools (Nachynova O. V.)	
1. The impact of physical activity on psychophysical development of child with intellectual disabilities	222
2. Methodology of organization the work of implementation sport games in the educational process of middle school age students with intellectual disabilities.....	227
SECTION 11. Scientific approaches to physical training of sports reserve in football (Nikolaienko V. V., Vorobiov M. I.)	
1. Aspects of a long-term program implementation for training talented youth.....	240

2. Contradictions between competitive and training activities in children's football	245
3. Regularities of the physical potential formation in young football players.....	247
SECTION 12. Methodology of organizing sports and health work in recreation camps (Pavlenko I. O.).....	260
1. Methodology of conducting various forms of health work in the daytime (morning hygienic gymnastics, hardening, swimming, etc.)	261
2. Squad physical education classes ("Physical education hour" in squads; swimming classes; sports formation; exercises with objects, game forms, etc.)....	266
3. Organization and holding of sports and mass events in the day mode of a recreation camp	270
SECTION 13. Methodology of organizing sports training in the preparatory period in track and field athletics (using the example of the 400 m race) (Skachedub N. M.).....	282
1. Preparatory period (period of fundamental training) in the system of the annual training cycle in track and field athletics.....	283
2. Methods and means of training in the preparatory period in track and field athletics.....	286
3. Sample weekly microcycles of the preparatory period using the example of the training process in the 400 m race.	291
SECTION 14. Dissemination of European experience in creating an inclusive sports environment in Ukraine (Skrypka I. M.)	299
1. Inclusion in sport: definitions, models and international initiatives	300
2. Innovative sports initiatives for the social integration of children	302
3. Inclusive sport in the European Union: experience, organizations and educational programs	307
4. Inclusive sport in the UK: experience, organizations and educational programs	312
5. Prospects for the development of inclusive sport in Ukraine.....	313
SECTION 15. Mobile game in the correction process for overcoming speech disorders in preschool children (Stakhova L. L.)	323
1. Mobile game in the movement development system	324
2. The use of mobile games in the process of correctional and developmental work to overcome violations of speech development of preschool children as a means of increasing their motor activity	332
3. Catalog of outdoor games.....	337
4. Results of the implementation of the method of correcting speech disorders in older preschool children with general speech underdevelopment using mobile games.....	345

SECTION 16. Physical activity as a component of psycho-emotional resilience of high school students during martial law (Cherednichenko S. V.)	350
1. Psycho-emotional stability as a pedagogical and psychological category.....	351
2. Peculiarities of behavior and psychophysical state of senior pupils during martial law.....	354
3. Organization and results of experimental study of the influence of physical activity on the psycho-emotional state of senior pupils	360
SECTION 17. Differentiation of methods in the formation of a situation of success in physical education lessons in the conditions of the new Ukrainian school (Shipka I. R. Bahinska O. V.).....	370
1. Theoretical substantiation of the concepts of «differentiation», «individualization», «success situation»	370
2. Differentiation of educational tasks as a means of creating a situation of success	372
3. Creating a positive emotional climate as a condition for a situation of success.....	374
4. Practical implementation of an individual approach in the New Ukrainian School.....	377
