Strategic Priorities for Sustainable Development in the Context of Global Economic Transformation : Scientific monograph. Riga, Latvia : Baltija Publishing, 2025. 944 p.

DOI <https://doi.org/10.30525/978-9934-26-575-4>

The scientific monograph presents research on strategic priorities for ensuring sustainable development in the context of global economic transformations. The paper employs an academic approach to analyse the challenges and prospects for ensuring sustainable development in the context of digital transformation. Furthermore, it emphasises innovative and technological approaches to ensuring sustainable development. The publication is intended for researchers, educators, graduate students, undergraduates, and interested parties.
