

CONTENTS

SECTION 1. CLINICAL MEDICINE:

EXPERIENCE AND INNOVATIONS

Periodontal disease progression and ovariectomy

Gorb-Gavrylchenko I. V. 5

Clinical and diagnostic significance of determining laboratory markers
of coagulation hemostasis in preeclampsia

Yeromenko R. F., Lytvynenko H. L., Zayets N. V. 7

Study of ultrasound characteristics of muscle tissue in elderly patients
with bilateral hip replacements as markers of the effectiveness
of rehabilitation intervention

Kucher V. Ya. 10

Surgical treatment of skinitis

Leonov A. V. 15

Experience in surgical treatment of prostatic sclerosis

Leonov A. V. 18

Medical practice in the healthcare system

Lukashenko. L. V., Lykhasenko I. V. 22

Study of the dynamics of muscle weakness in elderly patients after surgical
treatment of colorectal metastases under the influence of physical therapy

Mykytyuk A. I. 26

Neurohumoral relationships against the background of myocardial diastolic
dysfunction in adolescents with myocardial pathology

Nikonova V. V. 30

Determination of electrical activity of muscle tissue in elderly people
with consequences of total hip arthroplasty and obesity during rehabilitation
intervention

Partsey O. S. 34

Phenylketonuria in children: prognosis with early and late detection

Siromolot S. V., Lytvynenko H. L., Yeromenko R. F. 38

SECTION 2. THEORETICAL MEDICINE:

BASIC DEVELOPMENT TRENDS

Phytotherapy in dentistry: the use of traditional phytotherapy as an alternative
for the treatment of dental diseases

Volokhova L. B. 41

Morphological reconstruction of the hemomicrocirculatory bed of the masticatory muscle in diabetes mellitus under Following a Single Stress Impact Habren-Syller A. N., Zhurakivska O. Ya.....	46
The relationship between central haemodynamics, body composition and neurovegetative regulation in young women Krichfalushii O. P., Slyvka Ya. I., Savka Yu. M.	50
Diagnosis and early detection of post-traumatic stress disorder using computational psychiatry Tasenko M. V.	54
SECTION 3. PARTICULARITIES OF TRAINING MEDICINE AND PHARMACY SPECIALISTS	
Modernization of the educational process at the Department of Histology of the National Pirogov Memorial Medical University in line with labor market trends Hnenna V. O., Korol A. P., Hovorushchenko O. O.....	58
Training of future biotechnologists at the department of descriptive and clinical anatomy of the Bogomolets National Medical University Kaminskyi R. F., Haidai O. S., Tymoshenko I. O.	63
Modern approaches to training physical and rehabilitation medicine specialists: the experience of the Odessa region in the context of national challenges Kitsis A. G.....	65
The role of simulation medicine in medical education Pylypchuk I. S., Pylypchuk S. I.....	69
