

CONTENTS

SECTION 1. EXPERIMENTAL BOTANY

The effect of red and blue light irradiation on the growth and cultural-morphological characteristics of *Fusarium* spp.

Batuieva Ye. D., Yastremska K. V., Avksentieva O. O. 4

SECTION 2. MEDICAL AND BIOLOGICAL RESEARCH

Biomedical research on the biochemical adaptation of athletes to physical exertion during physical rehabilitation

Sovtysik D. D. 9

SECTION 3. CHEMISTRY

On some features of the structure of water in comparison with existing hypotheses

Voloshyn V. S., Klenin O. V. 13

SECTION 4. GEOLOGY

The application of advanced mathematical methods in petroleum geology to enhance the accuracy of hydrocarbon reservoir prediction

Bihun M. V., Tkachuk B. V. 18

SECTION 5. FEATURES OF TRAINING SPECIALISTS IN NATURAL SCIENCES

Features of training specialists for the educational degree "Master" of the educational program "Secondary Education (Natural Sciences)" at the Vasyl Stefanyk Carpathian National University

Kokhman M. V. 22

Blended learning in college physics classes

Leonidova A. O., Skrynnik I. M. 26
